

DROP® WHITE 100

Protective gloves

The gloves are made of seamless polyester white-coloured knitwear (13g).

The palm area and the finger tips are coated with polyurethane.

The non-coated back side increases breathability, improving the comfort of usage.

The palm part features high resistance to wear and tear.

The gloves are designed for works which require good dexterity; they enable gripping small objects in dry environment.

They are provided with elastic welt finished with coloured thread used for size identification.

The gloves meet general requirements for personal protective equipment provided in Regulation (EU) 2016/425 and in the Harmonized Standards: EN ISO 21420 and EN 388.

Technical Information:

Material:	seamless polyester knitted fabric coated with white polyurethane
Performance level:	3131X
Sizes:	6, 7, 8, 9, 10, 11
Order numbers:	R-I-DROP-WHITE100-XX*

*insert size for XX
