

QUARTZ

Protective gloves

They are made of seamless knitwear (10g).

The palm area and the finger tips are coated with rough latex.

The non-coated back side increases breathability, improving the comfort of usage.

They are designed for works carried out both in dry and humid environment in conditions which require good grip.

The gloves are used in warehouses, on construction sites, during transport, during assembly and construction works.

They are provided with elastic welt finished with coloured thread used for size identification.

The gloves meet general requirements for personal protective equipment provided in Regulation (EU) 2016/425 and in the Harmonized Standards: EN ISO 21420 and EN 388.

Technical Information:

Material:	seamless knitwear coated with latex
Performance level:	2243X
Sizes:	8, 9, 10, 11
Order numbers:	R-I-QUARTZ-XX*

*insert size for XX
