

## KOZA WINTER

### Winter gloves

Gloves made of goat grain leather. The palm area, the thumb and the fingertip reinforcements are made of leather and the back part is made of knitted fabric. Inside, the gloves are fully lined with fleece type padding.

Elastic cuff with hook-and-loop fastening for optimised fitting of the glove to the wrist size.

The gloves are designed to excellently fit your hands and allow you to carry out works which require high level of dexterity and precision, also in the autumn-winter season.

The gloves meet general requirements for personal protective equipment provided in Regulation (EU) 2016/425 and in the Harmonized Standards: EN ISO 21420 and EN 388.
